## ANAHAU ENERGY APPOINTS DIRECTOR OF POWER MARKETING

**EL SEGUNDO, CA**, March 24, 2014 – Anahau Energy announces the appointment of Erin Kenney as its Director of Power Marketing. In this position, Ms. Kenney will spearhead the expansion of Anahau Energy’s power marketing function to a nationwide approach for investor-owned utilities and commercial and industrial end-use markets. “We are excited to welcome Erin to our team”, said CEO Suyen Pell, “The breadth of knowledge and experience that Erin will bring to this position will be invaluable as Anahau embarks upon the expansion of our power and ancillary service offerings nationwide”.

Anahau Energy, LLC is a leading certified Minority Business Enterprise (“MBE”) in the energy sector, offering a wide variety of wholesale and retail supply capabilities in energy products including electric power, natural gas, and renewables. Products are tailored specifically to each customer's need for short-term or long-term supply, asset management and optimization, risk management, and/or specialized industry consulting. Clients include producers, manufacturers/industrial end-users, local distribution companies (LDC), investor-owned utilities (IOU), municipalities, government agencies, energy marketing/trading companies, energy commodity hedge funds, developers and other wholesale energy market participants nationwide. # # #
